2. Part B - Important Circular on Revenue Matters Issued from time to time	56-120

PRAVEEN PRAKASH I.A.S.,
Chairman & Managing Director

FOREWORD

I am very happy to pen the foreword to this extremely useful Revenue Manual, detailing the various revenue aspects of the Power Distribution organization including reporting, follow up measures to get more Revenue realization and brings out the duties & responsibilities of the employees in the revenue wing with clarity. For effective and efficient performance of the organization, it is essential to have clarity on the activities, duties and responsibilities in all levels of employees. I am sure this Manual with updated Circulars would serve the need of the day and it will be a constant guide and support to employees to perform in the best interest of the organization.

I wish all the employees a happy reading and a positive mindset that will bring great success to the organization.

PRAVEEN PRAKASH
CHAIRMAN & MANAGING DIRECTOR
APEPDCL :: Visakhapatnam

A.K. GHOSH
Director (Finance & HRD)

PREFACE

It is felt desirable to reprint the revenue booklet along with certain important circulars on revenue matters in the form of a revenue manual to refresh the knowledge of the employees and to keep all revenue related guidelines at one place.

This revenue manual contains two parts:

- 1) Part-A : Revenue booklet (A.P.S.E.B.)
- 2) Part - B : Important guidelines on revenue matters.

The Revenue manual intends to cover all revenue matters starting from the Billing, Collection, Accounting, Disconnection, Reconnection and Dismantlement of services. It also covers the duties and responsibilities of all employees working in revenue wing more particularly in ERO offices. It will also be a helpful guide to all field engineers working in operation wing.

The success of this initiative largely depends on rightful use and involvement of every employee and based on the experience gained this manual would be further updated in future to get more mileages in its use.

A handwritten signature in black ink, appearing to read 'Arijit K. Ghosh', written over a horizontal line.

ARIJIT K. GHOSH
DIRECTOR (FINANCE)
APEPDCL :: Visakhapatnam

ANDHRA PRADESH STATE ELECTRICITY BOARD
Vidyut Soudha : : Hyderabad - 82.

Memo No. FA& CCA (R&E) / AO / R / LT/ F 338 / JAO IV / 2002 /98 / Dt. 1-9-1998

Sub : Gist of Instructions to all Private Accounting Agencies of APSEB in the State to be followed for efficient Metering, Billing & Collection Programme - Issued.

During the various inspections conducted by the Chairman of Sections / EROs, it is noticed that there is no uniformity in the outputs furnished by the Private Accounting Agencies and in several cases the formats adopted are observed to be slipshod and not as per the approved formats of the Board. Hence the following instructions are issued to all PAAs in the State.

A Copy of the "Gist of Instructions to all Private Accounting Agencies of APSEB to be followed for efficient Metering, Billing & Collection Programme" is herewith enclosed for adoption, hence forth. A format for check list to be enclosed with every Remuneration Bill by the PAA is also enclosed for adoption from now onwards. Each Remuneration Bill shall have this check list duly filled as an enclosure.

These instructions should be strictly implemented with immediate effect. These instructions will supercede all the instructions issued earlier on the concerned subjects. The formats for the items not covered now will be communicated separately. Till such time, the existing formats should be continued in such cases.

It should be noted that non-compliance of these instructions may result in non-Payment of remuneration Bills in addition to cancellation of the Agency.

Please acknowledge the receipt of these instructions by return of post.

The following formats are enclosed.

1. Gist of Instructions.
2. Formats of Exceptional Reports (19 No.s)
 - Format E.02 -List of Stuck - up Meter Services
 - Format E.03 - List of UDC cases.
 - Format E.04 - List of Meter changed Services.
 - Format E.05 - List of Door Lock Services.
 - Format E.06 - List of Meters Not Existing Services.
 - Format E.08 - List of Reading Not Furnished cases.
 - Format E.09 - List of NIL Consumption Services.
 - Format E.10 - List of Services with Multiple Meters.
 - Format E.11 - List of Burnt Meters Services.
 - Format E.12 - List of Consumption Less than usage Services.
 - Format E.15 - List of Abnormally Low Consumption Services.
 - Format E.16 - List of Abnormally High Consumption Services.
 - Format E.17 - List of Progressive Reading cases in UDC Services.
 - Format E.18 - List of Minus Balance Services.
 - Format E.19 - List of No Master Data Cases.
 - Format E.20 - List of Regressive Readings Services
 - Format E.21 - List of Services for which more than one reading received.
 - Format E.22 - List of Services appearing in two different Section or in the same Section more than once
 - Format E.23 - List of Double Payments Services.
3. P1 to P8 Formats (Including D - List)
 - Format - P1 - Age wise analysis of Exceptional (other than Agl. Services)
 - Format - P2 - Services appearing in different Exception lists.
 - Format - P3 - Abstract of Exceptionals ERO wise.
 - Format - P4 - Performance Parameters Section wise.
 - Format - P5 - Consumption pattern.
 - Format - P6 - Month wise Collection of Revenue Cashiers.
 - Format - P7 - Cumulative performance of ERO Collections.

- Format - P8 - D-Lists.
4. Check list to be enclosed with Remuneration Bills.

Annexure to Memo No. FA & CCA (R&E)/AO/R/LT/F338/JAOIV/2002/98 Dt.1-9-98

GIST OF INSTRUCTIONS TO ALL PRIVATE ACCOUNTING AGENCIES OF APSEB TO BE FOLLOWED
FOR EFFICIENT METERING, BILLING & COLLECTION PROGRAMME.

1. Consumer Ledger -

Format as enclosed is to be adopted. At the end of ledger, the abstract for all the items is to be furnished in addition to the category wise analysis. No of mismatch items of credits are to be listed out separately and details of each items are to be given at the end of the Ledger.

2. Bill Book Abstract (BBA)

At Present PAAs are generating three different ouputs viz BBA, Bill Listing & Bill Summary. It is decided to adopt one single format (BBA) covering all the information required. The new BBA format is herewith enclosed, which is to be strictly adopted without deviation. The BBA is for the consumption month. i.e BBA of 6/98 covers the bills issued with date 1-7-98.

While preparing the BBAs, the PAAs have to indicate totals for all columns like Total No. of Services, Total Units Billed and Total Amount at the end of format invariably. A separate line is to be also printed indicating the No. of Negative Balance Cases and amount. Two copies of BBA Printed in the order of

Distribution / Area code / Sc.No. wise are to be supplied for the use Section Officer and R.C. another Copy of the BBA should be supplied printed in the order of Distribution / Sc. No. wise for the E.R.O.

3. D-List

The D-List month is the "Consumption Month" i.e. the Bimonthly D-List issued on 1-7-98 for the payments due on 14-06-98 is to be called as "D-List of 5/98" The D-List in the format (P.8) is to be generated and given with last six months arrears. This D-List must be a single D-List covering both groups for all arrears form Rs. 1 and above to be generated Section wise, Distribution wise (Route wise in major-distributions) S.C. No. wise. All UDC Services, Agl. Services, outstanding Ledger cases & Bill Stopped cases must also be included in the D-List. The UDC cases shall be marked "UDC" in the remarks column.

At the end of D-List of each Distribution, the total number of services and total of amounts are to be indicated. At the end of the entire D-List, an abstract of all Distributions of the Section and totals for the D-Listed Services & Amounts are to be Indicated along with percentage of D-Listed Services. The D-List must be issued in Triplicate.

In addition to the D-list covering total services, D-List between the amounts of Rs. i) 1000 to 5,000 ii) above 5000 to 20,000 iii) above 20,000 are to be generated and issued for pursuance by the concerned Officer. For this purpose one single copy of rangewise D-List is sufficient.

4. Exceptional Reports

The Exceptional Reports (Distribution wise, Service wise) are to be given to all the Section Officers through EROs concerned. The List of Exceptional Reports is enclosed. The Exceptional reports must cover both the groups. The consumption month is as mentioned in the item (3).

4.1 Meters not Existing cases.

The issue of bills shall not be stopped for Meter Not Existing cases till final report is received from field to ERO. Billing shall be done on average basis or field recommended average, whichever is the higher.

4.2 Stuck-up / Burnt meters.

Billing shall be done in respect of Stuck-up & Burnt Meters as per the following method.

- i. Previous Average Consumption or
- ii. Field Recommended Units.

- whichever units are higher of the above shall be arrived at and billing is to be done for those units.

If average consumption could not be assessed as above, then only billing shall be done for the consumption assessed as per B.P. Ms. No. 110 dt. 6-3-98.

4.3 Door lock / Reading Not Furnished cases.

Previous Average consumption may be taken to bill this type of services and they shall not be billed for minimum.

4.4 Abnormally High Consumption

Four times of previous Avg. Consumption is to be taken as basis for abnormally High Consumption. List of top fifty of Abnormally High Consumption cases per Section shall be given to each Section Officer through ERO concerned.

But in case of high value CT metered Services, the basis for Abnormally High Consumption is more than double the previous average Consumption. A list of such services shall be issued excluding UDC and Nil Consumption cases.

4.5 Abnormally Low Consumption.

30% less than the average Consumption shall be the basis for this Exception. This exception need not however be generated for the services with Average Consumption of less than 100 units per month. List of lowest fifty items shall be given to each Section Officer through EROs concerned. But in case of High Value CT Meter Services the basis for Abnormally Low Consumption is less than half the previous Average Consumption.

4.6 Progressive Readings noticed in UDC Services.

The Consumption during the disconnection period may be billed provisionally at Normal Tariff

rate with superscription on the bill "Provisional - Subject to revision based on facts". The list of this type of Services is to be given to the field through EROs concerned for taking necessary action against the concerned for booking the cases under malpractice.

4.7 Consumption Less than Usage Cases (Sluggish)

It is decided that the term "Sluggish (exception No. 12) May be renamed as CLU (Consumption less than usage). Billing for this category of services is to be done as in the case of stuck-up / Burnt meters vide item 4.2.

4.8 Meter Changed Services.

Now several thousands of units are left unbilled due to omissions in this category. Care must be excerised by all PAAs to see that the consumption recorded in the removed meter is invariably taken into account for billing in respect of Meter Changed Services (Status 04). The Billing Programme for all the meter changed cases in respect defective Meters shall be in two parts.

- a) Billing from the start of billing Period to the Date of change of Meter as per the previous Programme.
- b) Actual Billing from the Date of Change of Meter to the End of Billing Period.

4.9 Regressive Readings.

The services where the difference in Reading (Negative Consumption) is less than 4 times the Average Consumption, are to be taken as Regressive Reading Services. Minimum Bill is to be issued and a separate Exception Report is to be sent to field through ERO in all such cases.

4.10 Multiple Meters in Single Service.

A list is to be furnished to field through ERO for regularising the Multiple Meter Cases either by replacing them by a single meter or by giving separate Service Number to each meter.

5. Credits to be taken while Billing

All payments received upto and inclusive of 23rd of each month are to be taken into account before generating the bills on 25th. The tariff rate is to be indicated in the bill. The Energy Charges in the Bill format may be indicated along with tariff rate. On each bill "Payments taken upto date" is to be printed.

6. ACD Notices.

The adequacy of the ACD payable is to be reviewed and notice served every year as per Tariff conditions in respect of all categories of Services except Domestic, Agricultural and Government Services where there is no commercial activity. The ACD payable should be printed on the Bill Format itself in one or Two Sentences till it is collected. A D-List for ACD also is to be sent separately after due date of payment.

7. B.P. Ms. No. 151 dt. 25-8-93 Issue of Notices for Termination of Agreements.

PAAs are to furnish a list of UDC Services for more than 3 months along with Notices to the ERO. In turn AAO / ERO. will send notices to field. Bills shall not be stopped till the confirmation is received from the field stating that the service is dismantled physically.

8. Cheques Dishonoured Cases.

Special D-List is to be issued by AAO /ERO concerned to the Section Officer on the day of receipt of Intimation from Bank. In respect of cheque dishonored cases a separate minus BCRC is to be written and sent to PAA for posting of debits.

9. Transfer of High Consumption Services to High Value

PAAs are requested to transfer high consumption services (more than 500 Units /month for domestic, 400 Units / Commercial and 575 Units for general purpose) to H.V. Category as per circular issued earlier. This work is to be completed for every half year starting with 6/98.

10. TC seals and Transformer Location Codes.

All the PAAs are requested to print T.C. Seal Number and Transformer Location Code number on the Bill and as well as in Computer master. Section wise lists wherever details of T.C. Seal Numbers, Transformer codes and area codes / Distribution codes are not available have to be sent to field for supplementing the information.

11. Services Transferred to Outstanding Ledger

At present there is confusion due to certain services coming under UDC beyond three months and due to transfer from Regular Ledger to Outstanding & vice versa on payment of arrears and consequent reconnections. It has been decided that all the SCs in Outstanding Ledger also should be brought into the Regular Ledger with an indication of Status"13" (Bills Stopped). However the PAAs have to claim remuneration for services which are being billed only.

The transfer of all outstanding Ledger Services to regular Ledger shall be done immediately.

12. Capacitor Surcharge

All the consumers under L.T. Agl., Industrial and consumers whose connected load includes welding transformers have to install suitable rated capacitors, failing which, the capacitor surcharge is to be levied to all such consumers who have not installed adequate capacitors.

13. Status Codes

All the PAAs have to follow uniformly the following Status Codes.

Status Code	Type	Status Code	Type
01	Normal	08	Reading Not furnished
02	Stuck-up	09	NIL Consumption
03	Under Disconnection	10	Multiple Meters
04	Meter Changed	11	Meter Burnt (With Supply)
05	Door Lock	12	Consumption Less than Usage
06	Meter Not Existing	13	Bill Stopped
07	Round Completed	14	Dismantled Services

Exception reports shall be given for the above and also for the following

- 15 - Abnormally Low Consumption
- 16 - Abnormally High Consumption
- 17 - Progressive Readings in UDC Services
- 18 - Negative Balance Services
- 19 - No Master Data Case
- 20 - Regressive Reading
- 21 - More than one Reading Received
- 22 - Service appearing in two different Sections or in same Section more than once.

13. General

- 1) Interest on Electricity Duty should be calculated and added to Bill amount
- 2) Rounding off the total should be done in the end only but not for each item, The C.B. shall be a rounded figure
- 3) The gain or loss due to rounding off should be added or deducted respectively to Energy charges.
- 4) In the Area/Distribution code, names are also to be indicated.
- 5) For the new services released, even if the reading is not furnished in MRB, the first bill must be generated by PAAs basing on the monthly Return furnished for the new services released.
- 6) List of Disconnected Services and Reconnected Services during the month should be furnished every month by each PAA.
- 7) Month should always be indicated in the format as "06/98".
- 8) A separate report is to be generated by each PAA on glass broken, seals missing, category changes etc., as reported by Meter Reader and sent to ERO

Any difficulties in adopting of the above instruction shall be brought to the notice of Head Quarters for redressal. The SAO and AO / Rev. of Circle shall ensure that the above instructions are Implemented totally without deviations.

CHECK LIST TO BE ENCLOSED BY PAAs ALONGWITH REMUNERATION BILLS

1) Bills :-	Yes	No
a) Are Bills generated on or before 25th ?		
b) Are Door lock and Reading not Furnished cases billed on previous average basis?		
c) Are Struck Up & Burnt meter cases billed as per previous average or as assessed by field or as per B.P. No. 110 dt. 6-3-98		
d) In all meter changed cases, is the Billing Period of old meter assessed and added to the New Meter Consumption		

2) D'Lists :-

a) Is D'Lists generated from 1 Rs. Upwards for all Groups including OL cases?		
b) Does it exhibit Last Six months Arrears with credit taken upto last day of Month ?		
c) Does it include UDC service also with remark written as 'UDC' ?		
d) Does in include Agricultural Services also ? (If Billed by PAA)		
e) Is D-List issued area Code / Pole wise in Major Towns ?		

3) BBA :-

a) Are 3 Copies of BBAs given ? Are the Total Bill Amounts rounded off ?		
b) Is the BBA copy meant to Field in the order of Area Code / SC No. wise		
c) Is the BBA copy meant for ERO in the order of Distn. Area Code wise and SC. No. Wise?		
d) Are Exceptional Reports given Service wise for both Groups and given to Section Officer in Formats prescribed ?		
e) Are the Number and amount of Minus Balance Cases furnished at end of BBA and also a separate list given ?		
4) Are the New Services Data alongwith all changes made to Consumer Master, furnished each month to the ERO ?		
5) Are P1 to P8 formats sent to ERO ?		
6) Is additional Charge for Late Payment included in the Next Bill through Computer and added every month to Consumer's Closing Balance ?		
7) Are cases of Missing Master reconciled each month with ERO ?		
8) Is surcharge levied on Agl. SCs without capacitors ?		
9) Is Separate exception report sent to ERO / Section Office for extra readings received by PAA ?		
10) Is Un-posted PRs list / Miss-Matches given ?		
11) Is Penal Interest added for Installment Cases each month through Computer ?		
12) Are the Distribution Transformer Location Codes entered into Computer & Master given ?		
13) Are JEs posted with +/- for Amounts as well as Units ? Are Units also adjusted in Consumption?		
14) Are T C Seal Nos. entered in Computer and Bill ?		
15) Are 'Sluggish Meter' / 'Consumption Less than Usage' cases billed as per previous Average or Field Recommended Consumption, or BP 110 Dt. 6-3-1998 ?		
16) Are MNE Cases billed on Previous Avg. or Field Recommended Units, whichever is higher, where there is no specific report from Field.		
17) Is report sent by PAA on Glass Broken, Seals Missing, Category Changes as reported by Meter Readers ?		
18) Is data to Superintending Engineer / Energy Audit given ?		
19) Is 6 monthly Consumer Master being given in duplicate (one copy to go to Section)		
20) Are 6 monthly Ledgers given after March & September ?		
21) Are BP. 151 Notices given to ERO / Field ?		
22) Are Bills being continued even after 3 Months of Disconnection till Meter Removal is Confirmed from Field?		
23) Are all Services in Outstanding Ledger brought to Main Ledger, but Remuneration claimed for Billed SCs only

Sub : Inspections and reviews by various officers - Checks to be conducted - Instructions Issued.

Instructions were issued from time to time fixing functions and duties for officers at various levels in order to ensure that all activities of Board like billing, assessment of demand, collections, etc., are executed efficiently with appropriate checks at every stage.

During inspections it is found that the norms communicated for various checks and inspections are not being followed. The field, officers are not readily able to pick up the relevant orders on each subject.

The checks and reviews to be conducted by staff / officers at every level in respect of various activities are brought out into one annexure and communicated herewith.

The Chief Engineers (Zones), Superintending Engineers (Operation), Divisional Engineers (Operation) and Senior Accounts Officers, Operation Circles shall ensure that these Instructions are implemented with immediate effect.

End : As above

25. Instalment Register (Monthly)	-	100 %	100 %	Check one LDC's work	Check one LDC's work in each ERO in a Quarter	Check three LDC's work in 6 months

GUIDELINES FOR DUTIES & RESPONSIBILITIES OF ELECTRICITY REVENUE STAFF A.P.S.E.B.

The major portion of revenues of Board are obtained from H.T. & L.T Consumers. This revenue also Includes Payments like Customer Charges, Addl.charges for belated payments, reconnection fee and penalties etc.

The accounting of Revenue in E.R.O.s is entrusted to Private Accounting Agencies. With the result the particulars of the consumers related to Connected Load. Contracted Load, Meter No., Capacity, Consumption, Deposit paid etc. are entered into the Master file. Monthly payments made by the consumers are being fed to the computer by PAAs. This data is processed and monthly ledger is prepared and issued by the PAA duly indicating Opening Balances, Debits / Credits and Closing Balances in respect of all Consumers.

The E.R.O. Staff should involve themselves in monitoring closely in the furnishing of the inputs and assume responsibility in Checking the outputs for their correctness & usefulness.

Input data to be furnished by the E.R.O. in brief is as follows :-

- i. Meter readings of the Consumers pertaining to the Group A or B monthly to be billed by obtaining the Meter Reading Books from the Sections.
- ii. Details of payments made by consumers from E.R.O. records.
- iii. Meter Changes, Category Changes, Load Changes etc.
- iv. New SCs released data for Creation of Master for new Services.
- v. Carrying out corrections in the verified outputs of previous month
- vi. Credits and Debits on account of Revision of Bills.
- vii. Data relating to disconnections and reconnections.

Output data :

The following output data furnished by the Computer is to be verified in E.R.O.

1. Consumer Ledger, issue of regular bills, exceptional reports and financial reports, disconnections and reconnections. Clear instructions were issued in Boards Memo No. FA & CCA (R&E) AO(R) LT/F338 / JAOIV/2002/98 Dt. 1-9-98, high lighting the gist of instructions to be followed by PAAs and implementation of those orders by E.R.Os. by Co-ordinating with the PAAs.

In this context it is emphasised that the latest instructions issued on the subject from time to time will have to be read in conjunction with the duties and responsibilities already envisaged "Mutatis Mutandis".

1. JAO (Cash & Establishment) :-

He will be incharge of cash section and assisted by U.D.C. (Cash) and (2) Revenue Cashiers and will supervise the work of cash section. He will also be incharge of Establishment section, assisted by U.D.C. (Estt.).

He will be incharge of :-

- (i) Cash collection, Accounting and Remittances.
- (ii) Check and issue of receipts of E.R.O.; collections including Cheques / Demand Drafts under facimile of Assistant Accounts Officer.
- (iii) Maintaining the register of Cheques / Demand Drafts received in E.R.O.
- (iv) Acknowledging and accounting of Money Orders received in E.R.O.
- (v) Ensuring prompt remittances of cash and assist the U.D.C. in case of necessity. Ensuring daily Transfer of funds to Headquarters from the Banks.
- (vi) Custodian of outer key of cash chest. Physical verification of cash by the Assistant Accounts Officer / E.R.O. with reference to chitta / Amanath at the end of day and sealing of cash chest under attestation of Assistant Accounts Officer to continue as usual. (To be exercised by the JAO / Cash during the absence of Assistant Accnts Officer.)

The Senior Accounts Officer / Accounts Officer (Revenue) Assistant Accounts Officer will be checking the following items in the shape of a questionnaire, in accordance with the instructions issued vide Memo No. CE / T (Inspections). 164 / Dt. 16-5-1988.

1. Data for Review

1. Name of the JAO
2. Whether the cash collected is accounted for and remitted promptly. Whether the cash remitted in the

Banks is transferred to the Headquarter on the same day or on the next day.

3. Whether P. Rs. are signed with his full signature.
4. Whether serial Number of Permanent Receipts issued to the Revenue Cashier is watched through B.C.R.Cs / P.C. Bs. and also while checking the Cash Book.
5. Whether Cheques / Demand Drafts received are entered in the prescribed register accounted for and remitted promptly.
6. Verify the cash remittance Register and see whether Agency deputed as per standing orders ?
7. Whether the J.A.O. is preserving the cash memos issued by the L.D.C. / U.D.C. personally and tallying with total cash at the end of the day as per P.C.B.
8. Whether the outer keys are kept with him.
9. Whether the P. Rs. for initial Security Deposits received from field are written up and Permanent Receipts sent to the field officers promptly for delivering to the consumers to avoid demanding Indemnity Bond from the consumers in case of refund of Security Deposit.
10. Whether the Register of Money Orders is maintained and accounted for properly.
11. Other items of work not specified above.

U.D.C. Cash :-

1. Custody of cash and remittance Maintaining Cash, Chitta Book, Writing of Cash Book and furnishing the collection reports, Custodian of Inner Key of the Cash Chest.
2. Closing of Temporary Advances and Permanent Impresses.
3. Disbursement of salaries and maintenance of Amanath Register.
4. Bank Reconciliation including pursuance, Correspondence of delays in remittance , Clearance of outstanding items.
5. Maintenance of Register of Receipt Books-Receipt Custody and issue and preserving of used books. The Sl. No. of each Receipt Book recorded in the register to be got attested by the AAO.
6. Attend the cash remittance promptly with the assistance of JAO.
7. Custody of cancelled P.Rs. books under Lock and Key. Custody of Bank remittance challans / Vouchers.
8. Register of duplicate keys.

The Senior Accounts Officer / Accounts Officer (Revenue) Assistant Accounts Officer (E.R.O.) will be reviewing the work as per the following questionnaire. In accordance with the instructions issued vide Memo No. CE/T (Inspections) 164/98 Dt. 16-5-1998.

1. Name of the U.D. Clerk.
2. Whether Register of cash balance (Cash Chitta maintained and the denomination wise cash balance entered daily and got attested by the Assistant Accounts Officer / JAO (Cash) daily ?
3. Whether acknowledgments are obtained from the R.C, U.D.Cs / J.A.O. who take cash to the Bank for remittance?
4. Whether writing the cash book daily duly watching the Serial Nos of the P.C.Bs / B.C.R.Cs of the Revenue Cashier is done.
5. Whether the daily collection reports are sent promptly.?
6. Whether the inner Key of the Cash Chest is regularly taken duly acknowledging in the register.?
7. Whether Temporary Advance Received are closed promptly?
8. Whether permanent impress is closed and recoupment obtained promptly?
9. Are there cases of mixing up of Amanath Cash with CC charges etc., collected at the E.R.O.? (Ensure that the cash pertaining to Temporary Advances. Permanent impress and C.C.charges etc., should be kept separately)
10. Month upto which Bank Reconciliation is done with reason for the delay, if any.
11. The amount of Board Excess and Bank Excess to be verified (item-wise) and action taken to reconcile the differences has to be checked?
12. Are there any cash remittances outstanding under Board excess and if so, the reasons for such outstanding?
13. Whether the Register of receipt books maintained correctly and receipts and issues entered promptly and acknowledgement obtained with full signatures?

14. Whether the used receipt books (duplicates) are obtained as and when fresh books are issued and preserved in safe custody ?
15. Whether the UDC is accompanying the Revenue Cashier when there is excess cash duly signing in the Register?
16. Month upto which Permanent Receipts are cancelled with reasons for delay?
17. Whether Register of duplicate keys maintained?
18. Other items of work not specified herein?

U.D.C. Establishment

The U.D.C. will be assisted by L.D.C. (Record Room) and Record Assistant (Receipts and Despatch).

He shall attend to :-

1. Establishment work.
2. Preparation of pay bills and all other claims of staff and general charges
3. Maintaining F.C.R. Service Book and other Registers.
4. Stationery forms and Tools, and Plant
5. Record room, receipt and despatch.
6. Inspection Reports of all officers, co-ordination meetings and other meeting.

The Accounts Officer (Revenue) / Senior Accounts Officer should cover the items of U.D.C. / Establishment as detailed below, in accordance with the instruction issued vide Memo No. CE/T (inspection) 164 / Dt. 16-5-1998.

Name of the U.D.C. Clerk :

1. Whether pay bills are prepared correctly as per sanction?
2. Whether there is incumbancy Register as per sanctions and changes noted from time to time and is it upto-date.

Functions of U.D.C. Monthly Billing Services :

Monthly Billing and accounting of Industrial, Public lighting High value service of all categories of services shall be attended directly by the U.D.C.s.

The functions of U.D.C monthly billing services shall be the same as either to done by ledger clerks (L.D.C.) which are broadly defined as detailed by C.C.As Circular Memo No. CCA/CA/Rev 1/12 dated 17-06-1972.

1. Opening of Accounts for new services :-

On receipt of new services Return / Test Reports make an entry in the Register of service connection and assign service connection No. (if it is done in E.R.O.) From a docket for each service with all the connected papers of the service except agreement. Agreement should be filled in the docket of Agreements and an entry thereof should be made in the Register of power Agreements and kept under General custody of Agreements duly noting thereon the Sc.No. after check of entries in the ledgers register, etc . by the JAO / Assistant Accounts Officer /E.R.O.

2. Verification of particulars on Meter Card :-

Ensure that all the particulars in the meter Reading book are entered in the consumer ledgers, when the card is received for the first time in the E.R.O. / PAA.

3. Ensure entering in the consumers ledgers by PAAs, change of meters with reference to the meter change-slips and check the reading with reading furnished in the meter change slips record the meter change in the docket.

4. Consumers servicing :-

Attend to the consumer requirements who may go over the E.R.O. asking for the details of the account. The JAO should behave in a polite manner with consumers and help in solving the consumer grieances on the spot.

Though the JAO attend to the consumers who require any particulars, the U.D.C. should also attend to them in furnishing the required particulars and should be courteous to the public.

5. Raising of Demand and Preparation of Bills :-

- a) Ensure Receipt of Meter Reading books from the Section Office , verify the reading received for all the services. If there are any missing books must be listed out and the concerned Section Officer / Assistant Divisional Engineer / DE should be informed over phone wherever Board's phones are available or by a special letter for urgent action.
- b) Surcharge for belated payment will have to be worked out for late payment if any, shortfall for minimum etc. wherever due.
- c) Value the consumption at appropriate tariff rates and raise the demand in the ledger. Other sucharges, shortfalls etc. should be recorded in and arrange for bringing them to account by co-ordinating with PAA.
- d) Pick up the cases as furnished in the Exceptional Report by PAA where the consumption is abnormal and issue message and urgent letters for inspection by the field officers and obtain the factual report to take further action.
- e) Handover the Bills to the R.C. on due date of every month.
- f) Ensure Posting of credits by PAAs with reference to the B.C.R.Cs Verify Money Orders pertaining to the seat and indicate if they are acceptable or not on the counter folio.
- g) Collect the list of consumers in arrears to end of the 14th from the PAAs after they are checked and certified by S.I.R.C and verify the particulars with the credit postings already made in the consumer's ledger and Bills analysis Books.

6. Preparation of Disconnected List :-

- a) By co-ordinating the work with PAAs or the JAO.
- b) Watch for the return of disconnection list. If it is not received within the prescribed days bring it to the notice of Assistant Accounts Officer / Divisional Engineer operation and issue message / Remind by Telegram to the Section Officer, Assistant Divisional Engineers.
- c) On receipt of the attended disconnection list, verify the details of action taken by the Section Officer in respect of each consumer with the postings already made in the consumer's ledger and bring all discrepancies to the notice of Assistant Accounts Officer/Assistant Divisional Engineer / Divisional Engineer / Section Officers concerned for effective settlement of Consumers are likely to furnish incorrect Receipt Numbers.
- d) In respect of services disconnected make a note in the consumer ledger with the reading at the time of disconnection date, if the disconnection is at aerial the reading at the time of disconnection may not be available. Hence the nature of disconnection such as Disconnection by cut out/ aerial /cable (in case of city) should be noted in the ledger specifically if not furnished in the D-list, it should be obtained and recorded.
- e) In respect of services due for disconnection but not disconnected, inform the Assistant Divisional Engineer and Divisional Engineer about such cases and follow up.
- f) Credit postings should be made promptly and correctly both in consumers ledgers and bills/Analysis to avoid inconvenience to the consumers on account of wrong disconnections.
- g) Ensure that the credits received must be posted in the Bills Analysis Register simultaneously with the consumers ledger The credits as per the Bills Analysis Register must be totalled and tallied with the credits as per the Billing Suspense. Financial ledger may be section wise / distribution wise as the case may be.
- h) Issue re-connection orders immediately after the arrears and re-connection fees are received in respect of services disconnected.
- i) The accounts of the consumers whose services are disconnected should be transferred to the O.L. or register of disconnections with all the details of the arrears due, date of disconnection, security Deposit held and nature of disconnection, reading at the time of disconnection, at the end of every month. The arrears should be pursued through this outstanding ledger / Register of disconnected services.

Stop billing after 3 months from the date of disconnection in respect of Domestic and Non- Domestic Services under tariff guarantee. Adjust Security Deposit held, initiate proceedings under BP. Ms No. 151 dated 25-8-1993. Initiate legal proceedings before the claim becomes time barred.

- j) The U.D.C. Should maintain up to-date list of disconnected and dismantled services. Reconnection orders should be issued for the disconnected services on the same day of receipt of arrears duly verifying the permanent receipts on the same day of receipt of arrears duly verifying the permanent receipts issued in the E.R.O. counter.

7. Annual verification of Services:-

Prepare a list of consumers with particulars of category, connected load, contracted load etc. in each area / distribution annually and send the same to the Assistant Divisional Engineer / for annual verification of services obtain a certificate that the list is completed and upto-date.

Seals of Meters and cut outs:-

Obtain certificates from the Assistant Divisional Engineer to the effect that the "Seals of meters terminals and cut outs are intact" in respect of power services and high value services and record the same under the initials of the JAO.

Meter change slips:-

Meter change slips should be recorded in the concerned dockets of power consumers / high value consumer's dockets carefully duly entering the particulars in the consumer's ledger and attested by the JAO / Assistant Accounts Officer.

2. Miscellaneous items:-

- i) Additional consumption Deposit:-

Call for additional consumption Deposits wherever the average consumption is more than existing deposit. This review should generally be done yearly without fail and invariably whenever a service is reconnected.

The adequacy of the Security Deposits held should be reviewed for all the services based on the average consumption for the preceding twelve months. Then many instructions issued by the Board from time to time in this regard should be followed carefully.

Interest on Security Deposits should be allowed only for the deposits exceeding Rs.60/- and adjusted in the C.C. bills.

- ii) Removal of meters after dismantlement of services should be followed up.
- iii) Continuous Door locks should be followed up till the readings are taken or service is disconnected.
- iv) a) In the case of Transfer of services from one consumer to another, check the application for transfer is duly signed by the transfer and transferee supported by certified copy of sale deed etc., in support of ownership.
- b) Collect necessary Security Deposits if the transfer is without deposit,
- c) Get the agreement signed by the transferee wherever it is necessary.
- d) Checkup the conveyance deed of the property transferred.
- e) Ensure these changes are effected in the master by PAA.

v. Nil consumption cases :-

Every month list of all cases where the consumption is nil is issued by PAA and address the Assistant Divisional Engineer / Assistant Engineer / Additional Assistant Engineers concerned as there are high value and power services, to investigate the reasons and intimate results.

8. General :-

- a) Arrange refund of Security Deposit to the consumers where the services are dismantled, or change in the occupancy in respect of Government Quarters duly ensuring the dues to be adjusted or recovered.
- b) Furnish particulars for the Quarterly D.C.B.
- c) Watch and write out final legal notices to consumers where arrears going to be barred by the time limit (time barred).
- d) Frunish information to the audit replies (internal Audit), Account General's audit and inspection reports of Acclunts Officer Revenue / Senior Accounts Officer / Superintending Engineer / Dy. Cheif. Controller of Accounts (audit), etc. as and when required.

26. Cheques should not be accepted by the Revenue Cashiers other than those at E.R.O. proper.

Andra Pradesh State Electricity Board

Chairman. A.P.S.E.B.

sub: Co-ordination meeting to be held by Divisional Engineers / Operation with Assistant Accounts Officers and Assistant Divisional Engineers and Section Officers to review outstanding items to be reviewed - Communicated.

Ref: Memo No. D.P. /D.M.A3/653/82-1 dated: 8-9-82.

The attention of the Zonal Chief Engineers/Superintending Engineers (Operation) is invited to the reference cited, wherein certain working instructions were issued on keeping the Electrical Revenue Officers under the control of the Electrical Divisional Engineers (operation). As per the working instructions issued, the Divisional Engineers should continue to hold the coordination meeting with Assistant Accounts Officers of Electricity Revenue Offices and Assistant Divisional Engineers and Section Officers every month to review the outstanding items and ensure compliance, the Accounts Officers /Revenue/Senior Accounts Officer of the circle shall also attend the Coordination meeting to advise the Divisional Engineers in revenue matters. These meetings should be purposeful and effective and should aim at improvement of performance and increase in revenue collection of the Division.

It is observed that the Co-ordination meetings are not being conducted regularly by some of the Divisional Engineers and even the meetings held are not purposeful and very casual. The Accounts Officers /Revenue/ Senior Accounts Officer of the circle are directed to attend the Co-ordination meetings without fail.

The items to be reviewed in the co-ordination meeting are listed out in the Annexure enclosed. All Divisional Engineers (Operation) are instructed to review the items of work listed in the Annexure critically and ensure that the coordination meeting is purposeful and effective. The minutes of the meeting are to be communicated to the concerned with a copy to SE / Operation and CE / Zone. The Superintending Engineers / Operaton shall furnish their review reports on the co-ordination meeting minutes.

ANNEXURE

ITEMS TO BE REVIEWED IN THE MONTHLY CO-ORDINATION MEETING

1. NEW SERVICES RELEASED

Sl.No.	Name of the Section	No. of services Released	No. of test reports sent	Reasons for the pendency	No. of services for which first bills issued	Reasons for not issuing the balance bills	Action taken to be issue balance bills	Remarks

2. METER READINGS. (DUE DATE 10th of EVERY MONTH)

Sl. No.	Name of the Section	No. of Services covered in the group	No. of services for which Reading sent & date	Reasons for the left over services	Exceptional list received									
					Reading not furnished	Door Lock	Stuck up	Burnt	Abnormally High Consumption	Abnormally low consumption	Nil Consum	Total	%	

3. REPLACEMENT OF STUCK UP METERS

Sl. No.	Name of the Section	Opening Balance		Stuck up meters during the month		Total		No. of meters replaced during the month		Balance to be replaced	
		1 Ph.	3 Ph.	1 Ph.	3 Ph.	1 Ph.	3 Ph.	1 Ph.	3 Ph.	1 Ph.	3 Ph.

4. REPLACEMENT OF BURNT METERS

Sl. No.	Name of the Section	Opening Balance		Burnt meters during the month		Total		No. of meters replaced during the month		Balance to be replaced	
		1 Ph.	3 Ph.	1 Ph.	3 Ph.	1 Ph.	3 Ph.	1 Ph.	3 Ph.	1 Ph.	3 Ph.

5. BILLS ISSUED (DUE DATE 25TH OF EVERY MONTH)

Sl. No.	Name of the Section	No. of services covered in the Group	No. of Bills issued	Balance to be issued	Date of issue of the bills	Reason for not issue of the balance bills	Demand	
							Units	in Rs.

OTHER ITEMS :

1. Assessment of Consumption in respect of Street lights points where the meter found to be defective.
2. Assessed consumption for door lock and RNF cases as per B.P. Ms.No. 18, dated 10-06-96.
3. Any delays in serving of the Bills.
4. Minor Panchayats water works consumption and free street light consumption of 250 units are included against the total units sold.
5. Review on A..G / A.O. (IA) audit paras.
6. Is meter readers observation register maintained?
7. Mistakes in Bills.
8. Points concerning PAAs.
9. Readings received without master.
10. Are RC programmes recast in consultation with field?
11. Wrong readings.
12. Progressive readings in disconnected services.
13. Reports on no service cases.
14. Are installments watched ?
15. Whether seal particulars entered in consumer's master.
16. Is BBA given to Section Officer each month?
17. Is the Demand and units billed in each section increasing progressively month after month?
18. Are the "D" list percentages and closing balance coming down each month?
19. Is surcharge levied through computer?
20. Is RC fees collected after issue of "D" lists?
21. Note: All AAOs of EROs should furnish the above information well in advance of the Co-ordination meeting date to all officers.

POINTS FOR DISCUSSION IN THE CO-ORDINATION MEETINGS

I Release of New Services

- 1) Is return of "New Services Released" sent to EROs by due date?
- 2) Are the Test Reports / LT Agreements sent to EROs ?
- 3) Is issue of first bills prompt? After how many months of release of the Service 1 st Bill is served? Is first payment received? How many cases of non payment of 1st Bill are there?

II Meter Readings

- 1) Are the Meter Readings furnished in time?
- 2) Is the Meter Reader signing in the MRBs and any corrections being attested?
- 3) Are the high value services read by the section officer?
- 4) Are Meter Blanks, dispensed with, in all cases?
- 5) Are the Meter Readers changed in the last 6 months?

III Exceptionals

- 1) Stuck Up Meters.
- 2) Burnt Meters
- 3) Door Lock
- 4) Readings Not Furnished Cases.
- 5) Meters Not Existing Cases.
- 6) NIL Consumption.
- 7) UDC Services
- 8) Abnormally high (400% of Average) and Abnormally low (less than 30% of average).
- 9) Meter Sluggish

- 10) Readings received but no master data in the ERO / PAA.
- 11) Regressive readings.
- 12) No Service Cases
- 13) Reading coming in UDC Services.
- 14) Glass broken, Seals missing cases.
- 15) Are Meter changing slips or a return of “Meters changed during the moth” in respect of items (1) and (2) being sent to EROs ?

IV. Issue and Distribution of Bills

- 1) Are the bills issued by 25th of every month ?
- 2) Who are distributing the bills ? (Field or Private agencies) ?
- 3) Are the bills being distributed in time and is the work done satisfactorily ?

V. Demand. Collection and Arrears

- 1) Section wise Demand, Target, collection and arrears (closing balances) under each ERO.
- 2) The closing balances (LT) in terms of equivalent demand in number of days. Is the closing Balance coming down since last 3 months ?
- 3) Is the RC Programme rescheduled in consultation with field ?
- 4) Is the RC allowed to collect old arrears without any differentiation ?
- 5) Are the collection of Agricultural Services being made with other monthly / Bimonthly services ?
- 6) Are there private collection Agencies ? Are they allowed to collect arrears also? Is the work continued till the end of the month ? Are there any complaints ?

VI. Operation of D-Lists

- 1) Are the D-Lists being issued by 3rd of every month ?
- 2) Percentage of D-Lists services and Amount.
- 3) Is a single D-List being issued, with services of all categories with arrears of more than a Re 1/- and with details of arrears.for the past six months ?
- 4) Is the D-List inclusive of U.D.C. and agl services ?
- 5) Is the percentage of D-List coming down month after month since last 3 months?
- 6) Is RC fees being collected after 21st after ^{Ref:} issue of D-List?
- 7) Is the D-List being returned for both Monthly and Bimonthly services ? What action has been taken on defaulting officers?

VII. Generation of Reports PAAs

Are the following reports being generated by PAAs ?

- 1) Exceptions in the new formats P1 to P8 as per circular dated 4-4-97 (P8 is a must).
- 2) Single D-List for all categories with details of arrears for the last six months.
- 3) Levy of surcharge through computer.
- 4) Specific consumption (Section wise and for total ERO).
- 5) Specific Revenue (Section wise and for total ERO).
- 6) Furnishing of BBA to Section Officers every month.
- 7) Consumer Master once in six months
- 8) Notice as per B.P Ms.No. 151 dated 25-8-1993.
- 9) Mistakes in accounting and penalty there on.
- 10) Running average for each service

VIII. Implementation of B.Ps

- 1) B.P.Ms.No. 151 dated 25-8-1993 - Issue of notices for removal of meters in cases of UDC services of more than 3 months and removal of meters.
- 2) B.P (Opn-Comml.) Ms.No. 110 dated 6-03-1998. Average consumption based on connected load in cases of meters stuck up, burnt out etc.

DC. Cases pending in EROs on Field Reports.

- 1) Name transfer cases
- 2) Change of category cases.
- 3) Back Billing cases.
- 4) Theft of Energy cases.
- 5) Installment cases.
- 6) Action on Field reports.
- 7) Wrong Bills, Wrong categorisation
- 8) Wrong Grouping
- 9) Extra Readings received
- 10) Consumer Complaints
- 11) ACD & other charges.

X. Assessment of LT Consumption in Unmetered & Defective meter Services.

- 1) Are RNF and D / L cases billed on average basis ? (They shall not be billed for minimum).
- 2) Meters stuckup, burnt, meters not existing and sluggish as per B.P. (Opn - Comml.) Ms.No. 110 dated 6-03-1998.
- 3) New Services till first bills issued
- 4) Temporary Services.
- 5) Un metered Board / Government Offices.
- 6) Colony consumption of Generating Stations.EHT substations if coming under ERO Jurisdiction
- 7) Unmetered / Defective metered street lights.
- 8) Back Billed Cases.
- 9) Energy Assessed in pilferage cases.
- 10) Free units (upto 250 units per panchayat per moth) in case of Minor Panchayat Street lights (as per LT category VI A of Tariffs) should be shown in energy sold.
- 11) Free units for PWS schemes under Minor Panchayats as per LT category VI B of Tariffs should be shown in energy sold.
- 12) Consumption of PWS Schemes under Major Panchayats (to be billed under Agricultural Tariff as per LT category VI B of Tariffs) to be included in energy sold.
- 13) Consumption of Dhobighats (on HP Basis as per LT Category VI B of Tariffs) is to be included in energy sold.

Accounts Matters

- 1) F.P.R.(LT&HT).
- 2) C.C. Charges reports.
- 3) Consumption and demand particulars.
- 4) D.C.B. (Quarterly).
- 5) Status of computerisation of High value services.
- 6) Status of taking over of Agricultural Services into in-house computers.
- 7) Details of PAAs attending to the Accounting work in ERO.
- 8) Consolidated schedules of Supplementary accounts.
- 9) Status of Review and Collection of ACD during previous year.
- 10) Reconciliation of Financial Ledger and Consumer Ledger.
- 11) Missing Credits - is reconciliation done.
- 12) Sanctioned staff position and existing vacancies position in EROs
- 13) Bank Reconciliation - is it done without Bank / Board Excess ?

Note : All AAOs of EROs should furnish the above information well in advance of the Co-ordination Meeting date to all Officers.

ANDHRA PRADESH STATE ELECTRICITY BOARD

VIDYUTH SOUDHA :: HYDERABAD

Memo No. FA & CCA (R&E) / AO (R) LT/ JAO. IV / D.2549 / dt. 11 -2-97.

Sub : LT Billing - clarification with regard to month relating to reading, consumption Billing, Collection / Accounting - Reg.

At present there is total confusion with regard to month relating to consumption / reading / billing / collection / Accounting. The procedures in vogue are varying from circle to circle Therefore, the following instructions are issued to maintain uniformity and to have clear understanding about the system.

1. The consumption month means the period of 30/31 days between the two meter reading dates.

Ex: The consumption recorded during 10-12-96 to 9-1-97 relates to consumption month of 1/97.

ii. Reading month means the month in which the meters are read Month is consumption month.

iii. The bill for the month of means the month in which the meter is read :

Ex: The Meter is read in January '97. The bill will be issued as follows in different types of billing.

Monthly billing - Bill for 1/97.

Bi-monthly billing - Bill for 12/96 to 1/97.

Tri-monthly billing - Bill for 11/96 to 1/97.

IV) Accounting month means the month in which the transactions are actually Accounted for Further, the financial returns are prepared monthly. In these returns the transaction actually taken place during that month will only reflect. Ex: The trail balance for the month of 1/97 contains the No. of transactions taken place - Head of Account-Wise during the month of 1/97 i.e., the demand accounted for in 1/97 (Consumption upto 12/96) and collections made in the same month (i.e. Jan 97 As per the practice in vogue at present the FPR for the month of 1/97 means the consumption actually accounted for in 1/97. This consumption actually relates as follows

i) Monthly billing - 12/96 Consumption.

ii) Bi-monthly billing - Consumption of 39% of total services the months 11/96 & 12/96.

iii) Tri-monthly billing - 1/3rd of total services consumption for the months of 10/96, 11/96 & 12/96.

In future the F.R.R. may be captioned as follows :

F.P.R. FOR THE CONSUMPTION MONTH _____ ACCOUNTING MONTH _____

Further at present the "D" List is issued on 3rd for Monthly / Bi-Monthly / Tri-monthly services.

Example : I. The 'D' List issued on 3-1-97 is the 'D' list of 11/97 consumption month.

In future the 'D' list may be issued with caption as 'D' list for the consumption month of..... Payment Accounted for upto The 'D' list for the monthly billed services shall be issued by 23rd of every month duly taking the credit upto 21st of the same month. (Bill Date 1st, due date 14th and due date for disconnection 21st.)

The practice of calling slab and non - slab services may be dispensed with.

These instructions shall be followed strictly in the billing programme and also while submitting the monthly financial returns.

ANDHRA PRADESH STATE ELECTRICITY BOARD

Memo No.: Comml./AE/Temporary/500/97, Dt. 26-7-97.

Sub : Extention of Temporary Supply - Procedures for release, billing etc., - codified.

The procedure for release, maintenance, billing and collections etc of temporary supplies is not covered in the Terms & conditions of supply. The working instructions issued on the subject from time to time are not codified.

It is therefore decided to codify the procedures in respect of all aspects of temporary supplies under all categories. In supercession of all earlier instructions on the subject, the following orders are issued for strict compliance 1.00. Temporary Supply :- Consumers can apply for a temporary service connection undr LT or HT for specific purposes such as

- (a) Festivals of season or special occassions,
- (b) Public meetings
- (c) Construction power.
- (d) Circus / Exhibitions etc.,
- (e) Any other purpose justifying that the usage is purely temporary not exceeding six months initially subject to availablity of surplus power.

2.00 Procedure :-

2.01 On receipt of an application for a temporary supply ; the estimate for extension of supply should be governed by all technical considerations like availability of load margin, regulation etc., as in the case of a regular service connection. Also all statutory approvals from Municipality etc., inrespect of industrial services, petrol bunks etc., should be ensured as in the case of a regular sercvic connection.

2.02 The estimate for temporary supply upto 6 months period shall be sanctioned by the following officers.
LT Supply :-

- a) for all purposes other than Industrial ADE / Opn.
- b) for Industrial purpose D.E./ Opn.

HT Supply :- All categories S.E./Opn.

2.03 For temporary additional loads like in the case of Sugar Cane crushing, the ADE can sanction additional loads in all cases of L.T.

2.04 The estimate should cover:

- a) Estimate cost of extension as per procedure identical to the case of regular service connection.
- b) dismantling charges.
- c) 25% towards Estt. and supervision charges plus 3% contingent charges on (a+b) above
- d) the cost of retrivable material should be estimated and deducted for purpose of arriving at net estimate charges. However, the GROSS amount of the estimate shall be collected in advance.
- e) Urgency charges as per clause V g (iii) in part-c-(Miscellaneous charges) of Tariff notification. If supply is required in less than one week.

2.04.2 Development charges are to be collected if the temporary supply is for more than 10 days as per rates applicable for regular service connection.

2.04.3 Consumption charges for the entire period of temporary supply as per formula of BP Ms. No.18 for various categories @ charges for temporary supply as per the tariffs in force shall be collected in advance (of the temporary supply is for construction purposes, or touring cinema halls, the minimum

- period shall not be less than 3 months).
- 2.05 The service shall be released only on payment of the above GROSS estimate charges + plus estimated consumption charges plus Development charges and after obtaining a work order from the DE concerned and after execution of work and all statutory permissions are obtained by the consumer. Two separate DDs are to be obtained, one for extensions charges in the name of DE / Opn. and another for consumption deposit in the name of AAO / ERO.
 - 2.06 The cost of retrievable materials shall be returnable along with un-utilized energy charges only after the service is dismantled and materials devoluted as described below duly deducting depreciation charges @ 2% per month.
 - 2.07 The temporary services shall also be assigned a separate SC. No. by the section officer in service connection Register with a prefix "T" (e.g. : T123 ...) in Seriatum and intimated to ERO. A test report shall be obtained at the time of release.
 - 2.08 Meter reading folio is to be opened in the concerned meter reading Register and monthly meter readings shall be taken compulsorily for all temporary services as in the case of monthly reading services. Similarly the ERO has to open a folio for each temporary connection and should review receipt of monthly meter reading, payments due, deposit available, its adequacy etc. In cases where temporary supply is requisitioned for more than 3 months, monthly bill should be issued to the party for payment within 15 days failing which supply should be disconnected.
 - 2.09 The ADE is responsible for the review in respect of HT temporary service connections.
 - 2.10 Check reading shall be taken by the next higher authority every two months in respect of LT and DE in respect of HT temporary services for every two months.
 - 2.11 The units sold to temporary services should also be exhibited under sales in the Energy Audit Reports.
 - 3.01 Where extension of a temporary supply beyond 6 months is required, Zonal Chief engineers (Electricity) are empowered to extend by another 6 months time (i.e. total period 12 months). If extension of temporary supply is required beyond 12 months, proposals should be sent to CE / Commercial at Head Quarters 30 clear days in advance.
 - 3.02 Mere applying for extension shall not be taken as implied approval. **Express written** permission from Head Quarters is necessary to continue a temporary supply beyond six months, till the approval is received. The Service shall be kept disconnected unless approved for continuance of temporary supply by the CE / Zone.
 - 4.0 DISMANTLING:**
 - 4.01 When the period of temporary supply is over; the final reading shall be taken by AE PERSONALLY before removing the meter and intimate to ERO duly enclosing the test report and consumption with consumer" details attestation.
 - 4.02 The retrieved material shall be devoluted within 15 days from the date of termination of temporary supply.
 - 4.03 The AE should settle the full account and submit the closed work order within one month of dismantling the temporary connection supply. The ADE shall scrutinize and submit the details of payments refundable to the consumer to the ERO / DE within 15 days.
 - 4.04 The consumer may opt crediting the balance amounts due to him to any permanent service in the same ERO for adjusting against C.C. Charges.
 - 4.05 The DE is the final authority to approve the release of any amounts due to the consumer in respect of LT temporary service.
 - 4.06 In respect of HT ; SE is the competent authority for item 4.05 above.
 - 5.00 These instructions shall come into force with immediate effect.

ANDRA PRADESH STATE ELECTRICITY BOARD

From
The Financial Adviser & Chief
Controller of Accounts (R & E),
A.P.S.E.B Board , Vidyut Soudha,
Hyderabad

To
The Superintending Engineer,
Operation,
A.R.S.E.B.

L.R.No ; FA&CCA(R&E)/SAO (R) /AO / LT / JAO.IV / F - 29/2321/98, Dt. 30-10-98

Sir,

Sub:- APSEB - EROs Maintenance of the accounts by the Private Accounting Agencies , - Non implementation of the instructions issued by the board-Initiating action against the Private Accounting Agencies — Regd.

Instances have come to the notice of the Board wherein the Private Accounting Agencies are committing No. of mistakes repeatedly in the Billing and as well in the various outputs rendered by them. Such common mistakes are enlisted here under.

BILLING:

- 1) Data entry mistakes . There is no proper recheck after completion of the data entry of readings and B.C.R.Cs and thereby No.of mistakes are resulting in the bills and credit postings
- 2) Billing is done for minimum in respect of Door Lock and RNF cases instead of adopting averages
- 3) In respect of Door Lock & RNF cases where averages are billed, in the subsequent cycle (if the reading is received) the consumption is to be apportioned for four months or as the case may be and corresponding tariff rate to be adopted . But contrary to this, units are billed treating the same as the consumption of latest two months, thus giving scope for consumer complaints.
- 4) The averages billed in respect of the above cases are not deducted in the subsequent cycle when the services are billed for actual consumption.
- 5) In respect to meter changed cases, billing is regulated taking new meter consumption only instead of billing for the difference between the Final Reading of the removed meter (-) last reading billed as per the meter duly adding new meter consumption, in case. If there is no difference between the Final Reading and Last Reading Billed, average consumption has to be adopted for the period from last month billed to the date of replacement of meter.
- 6) Consumer Master is not updated with the New Meter No., Capacity, Phase and M.F. in respect to Meter Changes Cases.
- 7) If the meter change returns/slips are not received, the fact is not intimated to the ERO by the Private Accounting Agency. In respect of these cases bills are being issued for new meter consumption only which is not correct.
- 8) In some cases where the present reading is less than the last reading billed, the Private Accounting Agencies are simply issuing bills assuming that the meter has completed one round. In all the cases it may not be true. Due to wrong readings and meter changes, the present reading may be less than the previous readings. All these cases must be given in exceptional reports and got reconciled before issue of bills.
- 9) In respect of Meter stuckup and Burnt out cases. Bills are being regulated taking the immediate preceding average consumption which is not correct. Billing is to be regulated as per Clause No. 22.3.3 of terms and conditions of supply read with B.P.Ms No.110, Dt. 6-3-98
- 10) In respect of M.N.E. Cases, billing is stopped abruptly without any specific advice from the ERO instead of continuing the billing with previous average. For all such cases, exceptional reports have to be generated and supplied to ERO.
- 11) Exceptional reports in respect of abnormal / subnormal consumption cases are not issued as per the parameters prescribed by the Board.
- 12) Calculation details for energy charges claimed (i.e. Tariff Rates) are not furnished in the Bills.
- 13) Default Fee is charged on the total bill amount adding arrears component instead of calculating on the current month demand (excluding additional charges, Default fee, E.D., E.D. Interests).
- 14) E.D. interest is calculated for the days remaining in the month after due date for payment with default fee is over instead of charging immediately after due date of payment (i.e. from 15th of the month as the bill date is 1st and due date of payment is 14th).
- 15) Addl. charges are calculated on the arrears of addl. charges which is not correct.

OUTPUTS

1. The uniform formats as prescribed by the Board are not adopted.
2. Credit reconciliation is not done properly before going for printing of ledgers.
3. Closing Balances of previous month are not tallied with the opening Balances of / subsequent month. If any corrections are proposed by the E.R.O. to the closing balance, the private Accounting Agency has to give a reconciliation statement for the closing balances and opening balances.

4. The Demand as per the B.B.A. is not tallied with the demand posted in the consumers ledgers.
5. The Distribution / Section - wise D.C.B. are not tallied with the consolidated D.C.B.
6. There is no services reconciliation. The number of services as per previous month ledger + New services release (-) services deleted must be available in the subsequent ledger.
7. F.C.A. rates, as notified by the Board, are not adopted from the effective date / month.
8. The separate code Nos. are not assigned to the services of State Govt. / State Govt. undertakings / Municipal Corporations / Municipalities / Major Panchayats / Minor Panchayats due to which the classification of arrears is not properly reflected in the outputs.
9. The breakup for the Closing Balances is not given in the consumer ledgers item-wise i.e. CC Charges, E.D., E.D., Interest, Addl. charges and Default Fee.
10. B.B.A. in three copies is not provided.
11. Consolidated "D" list in triplicate and range wise lists (single copy) i.e. 1,000 to 5,000, 5,001 to 20,000 and above 20,000/- are not given.
12. Exceptional Reports for Readings received but master not available, and payments received but master not available cases are not given.
13. Half yearly consumer ledgers are not generated and supplied.
14. Consumer Master is not furnished periodically.
15. Outputs are not furnished on scheduled dates.
16. Check lists for all the input data given by the ERO are not furnished.

It could be seen from the above that the Private Accounting Agencies are not adhering to the instructions issued by the Board from time to time. Therefore it is requested to issue necessary instructions to the AAO /EROs, AO (Revenue), SAOs of Circles and concerned D.E. / Operation to take immediate steps to ensure proper implementation of the instructions issued by the Board from time to time by the Private Accounting Agencies. In cases of failure to follow the instructions by the PAAs, action may be taken for imposing of penalties as per Lr. No. FA & CCA (R&E) / AO (R) / LT / JAO / IV/ 705 / 97, dt. 4-11 -97. Even after imposing of penalties if the PAAs performance do not improve, action may be taken for termination of agreements duly serving three months notice if the situation so warrants.

Receipt of the letter may please be acknowledged.

Yours faithfully,
Financial Adviser & Chief Control of Accounts (R & E)

Memo.No.FA&CCA(R&E)/AO/R/LT/F.329/JAO.IV/1901/98 Dt. 31 -7-98

Sub:- Opening and Maintenance of "PAA Defects Register" in EROs for recording any defects noticed in PAAs works - Reg.

During the various inspections of EROs by the Chairman APSEB, it has been often observed that here were several short comings in the outputs being furnished by the PAAs; and on several occasions, the reply given was that the concerned PAA was advised but action was not forthcoming. In order to get the matters settled early the following procedure is prescribed.

All the AAOs/EROs shall open a register and record the defects noticed in the outputs submitted by PAAs in that register. If any of the staff right from the ledger clerk to AAO, finds any defect in the outputs furnished by PAA in variation to the standing instructions, he shall record in brief, the defect to be rectified in that register. If there are more than one PAA for the E.R.O. different folios may be opened in the same register P.A.A.wise.

The AAO shall review the Register and correct the items wherever necessary; and attest each item in the register. The PAA or his representative should note the deficiencies in his next visit and sign in the register with date, in token of having noted down the defects.

The PAA shall rectify such defects by the time of next output in-variably. The AAO shall ensure the implementation of the above procedure before he admits the remuneration bill of PAA.

This register should be reviewed by the senior officers periodically whenever they inspect the EROs.
The format to be followed is herewith enclosed.

End: one format
