**Memo.No.CGM/Comml/EPDCL/VSP/ADE/C/F:/D.No. 226 /19, Dt: 08.03.2019.**

Sub: APEPDCL / VSP – Corporate Office – Commercial – EODB - Implementation of BRAP-2019 reforms 50 in APEPDCL -Notification of time lines for release of industrial Power connections within 7days/15days for voltages upto 33KV - Instruction issued - Reg.

Ref: 1) Principal Secretary to GoAP,Lr.No.E&I&I-12022/1/2017,Dt:20.02.19.  
2) E.O.O./Comml/Rt.No.58/18,Dt:17.03.2018.

\*\*\*\*

In reference to the above letter and E.O.O cited, it is hereby notified that chargedelectrical connections for industrial use should be released as per the following timelines:

- Connections including CEIG approval up to 200KVA to be provided within **seven days where no RoW is required** from the date of application for electrical connection.
- Connections including CEIG approval up to 200KVA to be provided within **fifteen days where RoW is required** from the date of application for electrical connection.

It is further informed that the case of virgin territory will not be considered for the evaluation!. (Virgin territory for these reforms means locations where new line needs to be laid beyond 500 meters from the nearest available head)

It is also informed that CEIG approval is mandatory for connections at above 33 KV Potential and the above mentioned timelines are also applicable to the connections even if CEIG approval is not required i.e.

- Connections (without CEIG approval) up to 200KVA to be provided within seven days where no RoW is required from the date of application for electrical connection.
- Connections (without CEIG approval) up to 200KVA to be provided within fifteen days where RoW is required from the date of application for electrical connection.

Hence, all SEs&DEs/Operation/APEPDCL are instructed to follow the above time lines for release of industrial connections strictly as per GoAPfor implementation of BRAP-2019 reforms 50 in APEPDCL.
