

Amounts to be paid by the applicant for “New Industrial Service Connections”
(HT for a CMD of 70KVA & above)

1) Development Charges: Per KVA of Contracted Maximum Demand (CMD)

- a) At 11KV Potential : Rs.1200/-
- b) At 33KV Potential : Rs.1200/-
- c) At 132KV Potential & above : Rs.1000/-

2) Service Line Charges: Rate per KM of line to be erected

- a) At 11KV Potential : Rs. 3.216 Lakhs (on 8.0M PSCC Poles)
Rs. 3.611 Lakhs (on 9.1M PSCC Poles)
- b) At 33KV Potential : Rs. 4.589 Lakhs (on 9.1 M PSCC Poles) or
: Rs. 5.840 Lakhs (on 11M PSCC Poles) or
: Rs. 8.055 Lakhs (on 11 M Spun Poles) or
: Rs. 8.342 Lakhs (on 12.5 M Spun Poles)

Note: Type of Poles is to be decided as per requirement

- c) At 132KV Potential & above : As per the estimate sanctioned by AP Transco.

3) Metering & Terminal Arrangement at Consumer Premises:

- a) At 11KV Potential
 - for CMD upto 1000 KVA : Rs. 2.57 Lakhs (with SP Structure)
: Rs. 3.13 Lakhs (with DP Structure)
 - for CMD above 1000 KVA : Rs. 9.60 Lakhs
- b) At 33KV Potential : Rs.15.23 Lakhs
- c) At 132KV Potential & above : As per the estimate sanctioned by AP Transco.

4) Security Deposit:

Rs.500 per KVA of Contracted Demand (CMD) per each shift of operation of the industry.

Note: (i) Marginal changes may occur in the above item nos. 2& 3 at the time of estimate preparation. The rates are as per the present approved cost data. Changes may occur annually.
